### **Construction Management Firms Procon Consulting, LLC and The Impact Group, LLC Announce Mentor- Protégé Joint Venture through the Small Business Administration**

**WASHINGTON, Wednesday, February 5, 2025** – Procon Consulting, LLC (Procon) and The Impact Group, LLC (TIG) are proud to announce the formation of a Mentor-Protégé Agreement (MPA) under the U.S. Small Business Administration (SBA), with Procon providing mentorship to TIG. This strategic partnership will leverage both firms’ strengths and industry expertise, fostering mutual growth and advancing client capabilities across the construction management sector.

The collaboration will allow both companies to expand their reach, share valuable resources, and build upon their proven track record of delivering complex projects using innovative technologies and solutions. With complementary services and overlapping client bases, Procon and TIG are poised to create impactful solutions that benefit federal, state, and local clients.

“Partnering with The Impact Group represents an exciting opportunity to combine our expertise in federal construction with their strong foundation in building automation, energy management, and commissioning services,” said Kyu Jung, President and Co-founder of Procon Consulting, LLC. “This collaboration is more than just a business partnership-it is founded on deep respect and a shared history of working together on local projects. We look forward to working in tandem again to deliver even greater value to our clients.”

“We are thrilled to join forces with Procon, whose reputation for excellence in federal contracting is unparalleled,” said Sulaiman Harris, Founder of The Impact Group, LLC. “Their commitment to leveraging cutting-edge technology and delivering high-quality services aligns seamlessly with our own values. This partnership will help us expand our capabilities and bring impactful solutions to our clients in the public and private sectors.”

### Procon Consulting, LLC

Procon Consulting was founded in 2000 by Kyu Jung and Mark Ilich, both Virginia Tech Myers-Lawson School of Construction alumni. Based in the Washington, DC metro area, Procon leverages technology and innovation to provide construction project management solutions for a variety of clients in the federal, state, local, and private sectors worldwide.

### The Impact Group, LLC

Founded in 2015, The Impact Group (TIG) provides specialized services in engineering, building automation systems (BAS), energy management, construction project management, construction quality control, commissioning, and IT services. TIG is committed to utilizing innovative strategies and cutting-edge technologies to deliver projects that are on-time, within budget, and meet client needs across both the public and private sectors.
